## GAME FEATURES

### CARNIVAL QUEEN RE-SPINS

The Carnival Queen symbol activates the re-spins, turning into an extended Wild. With every spin, another symbol may appear, and if it happens on all five reels, you will win an amazing prize!

### CARNIVAL MEGA WILD

If two Carnival Wild symbols appear side to side on the reels, they transform into a Mega Walking Wild, activating re-spins. If there are dancers on the screen, watch them transform into Wilds as the sounds of the Samba play while more glittering cash prizes appear.

### APPLAUSE WHEEL

With each spin, an applause meter on the game screen randomly fills up. When completed, it awards a spin of the Multipliers to boost your winnings and send you Carnival crazy!
